

Fund Contributions Increase Over 1939

The New Hampshire

VOL. 30. Issue 55. Z 413 UNIVERSITY OF NEW HAMPSHIRE, DURHAM, NEW HAMPSHIRE, MAY 28, 1940. PRICE, THREE CENTS

Alumni Mobilization at Durham June 14 to 17

Over the Top With the Fund

A recent report from the Alumni Fund Committee indicates that the 1940 figures on number of contributors and percentage of contributors has increased materially over the 1939 figures. At this writing the Fund has had over one hundred more contributors this year than at the same date last year. This would seem to indicate that a steady increase of morale and loyalty is spreading among the alumni. The percentage of contributors has already been increased from 7.5 to 10.6 or a percentage increase of about thirty-five percent. The Alumni Fund Committee is particularly pleased at this showing. There will be one more Class Agents' letter this year on June tenth, which it is hoped will stimulate alumni who wait until the last letter is out before they contribute. This method enables them to receive all the news about the class and the Fund.

The Fund Committee increased the number of Class Agents this year to ninety-five in order to relieve some of the agents who had extremely large mailing lists. The agents have lived up to the reputation made by the personnel of previous Fund organizations by their splendid cooperation with the central committee. The Agents really deserve plenty of support for the unselfish work which they are doing to increase the financial resources of the University.

Boston Woman Leaves Bequest

A will, recently filed in Middlesex (Mass.) Probate court, names the University of New Hampshire as a beneficiary.

It is the document of the late Mrs. Adelaide Smith Godding of Newton, Mass., and contained in it is a bequest which will be determined by the residue of the estate after numerous specific bequests are paid. The gift will be for needy university students and is in honor of "my native town of Epping, N. H."

Nothing was known of Mrs. Godding or the bequest until a short item appeared in a Boston daily paper. University representatives were sent to Boston and Epping to uncover information about the benefactor.

From these trips of inquiry has risen a dramatic story.

Born and educated in Epping, the then Adelaide Smith lived with poor parents. Her principal interests were club and church work.

Some time later she was introduced to J. G. Godding of Newton, Mass., owner of a drug firm in Back Bay, Boston. Following her marriage, Mrs. Godding assisted her husband in his business as bookkeeper. Alert, active, and capable, it was because of Mrs. Godding that the business became a thriving concern.

After her husband's death in 1928, Mrs. Godding assumed direction of the business although she was then over 70. Until a short time before her passing she made the business decisions.

University Ready to Greet Oncoming Hordes

Parachute Parking Prepared Special Bivouacs Designated

(By Courier from G. H. Q., at Thompson Hall)

Mobilization at last.

Alumni GHQ has ordered it.

From Thompson Hall orders have flashed that will bring alumni and alumnae, with supporting columns of parents and friends, in a mass concentration on the New Hampshire Campus from June 14 to 17.

Already the Quartermaster Corps has organized a detailed plan for feeding and housing the expected hordes. In an exclusive interview with the general staff, a special correspondent of "The New Hampshire" learned that everything is under control thus far. This is due chiefly to the efficient Field staff.

Special mobilization plans were revealed for the following divisions:

1885	1900	1915	1930
1890	1905	1920	1935
1895	1910	1925	1938

These divisions will have a prominent place in Alumni Day, June 15, which will feature the mobilization maneuvers. In a grueling hike under full equipment many of the alumni are expected to march from the registration center in the Commons to the baseball game on Brackett Field.

Approaching simultaneously by all roads, including the B. & M., the heaviest waves of the hovering hordes are expected to start breaking on these academic shores early on Saturday, the 15th. At the Manchester airport plans are being perfected for the use of escort formations for those who prefer to drop in unexpectedly. Parachute parking will be arranged on Memorial Field.

The coming drive is not looked upon as an offensive. University authorities see nothing offensive about. In fact they relish the idea of being the target of what they hope will be a mighty army, men and boys; the matron and the maid.

Special tactical problems assigned to the divisions mentioned above will be worked out in their own reunion bivouacs.

A new feature of the attack will be the establishment of a new division, 1492, to take care of the irregulars. This unit will have a special mess in the Commons.

The Alumnae auxiliary will use Scott Hall for their barracks at the Alumnae "At Home."

A concentration of alumni troops is needed to make a successful assault on the sector occupied by the old attendance figures. Heavy bombardment of the campus by our alumni in large numbers will reduce previous records to a shambles.

Progress

We hear a great deal about our "growing" institution here at Durham, and we accept the words calmly enough and push our way out from convocation. Sure, we've got a lot of new buildings. That's swell. But those of us who are still on campus often fail to see the woods for the trees, fail to realize the far-reaching effects of this new construction.

The completion of the cage which took place last year, the erection of still another wing to Congreve, and the complete remodeling of the gymnasium made possible by generous gifts from the alumni are not small isolated improvements. They are part of a plan, almost a revolution begun a decade ago to change New Hampshire from a small agricultural college to one of the finest state universities. Campus customs, institutions, classes are profoundly effected: Next year students will have room for their feet in convocation and seniors will attend; Mask and Dagger, hampered for many years by a too small stage, will be able to produce better plays; already the women's physical education department is setting up new courses.

The classes which have gone before us have laid the foundation for these improvements; the classes to follow will reap the benefits. And from some convenient armchair we will boast that we have had a part in it.

Music on Campus

Tonight the annual song fest sponsored by the senior Skulls will be held on the grass in front of "T" hall. Glee clubs from most of the houses and dormitories will compete; then spectators and contestants will join in the college songs. We know of no lovelier custom than students singing on the lawns at evening. Such a group becomes a unit, however heterogeneous it may have been. Of insignificant things like these are college spirit and later college memories built.

Railway Express Solicits Students' Spring Trade

"College men and women all over the country at this time of the year are beginning to make their preparations to return home for the summer and thinking about how they are going to transport the numerous though precious mementoes of college days which they seem to have accumulated in such staggering quantities," K. N. Merritt, General Sales Manager of the Railway Express Agency, said recently.

The pick-up and delivery which the Agency specializes in has been found to be of increasing aid to students who wish to dash to the station without worrying about their baggage. It saves all the bother and care and leaves the student free to travel with ease. Also, the students who have pets are finding that the Railway Express Agency gives thoughtful and careful treatment to its charges. This fact is borne out since the Agency is the largest carrier of dogs and domestics, as well as wild animals.

BRAD MCINTIRE

ON THE SPOT

by Victor E. Tyson, Jr.

Once again house parties and the feminine ingenuity saved Durham from a dull and very unenjoyable week-end as the weatherman failed to give the girls a break for their annual spring affairs. Because of the four house dances being run at the same time it was impossible for us to cover all of them adequately and hence we will revert to the general method of columnizing. . . . We want to take off our hats to Alpha Xi and the committee that was in charge of selecting their favors, because when speaking for the entire male student body, those favors were different and really appreciated. . . . It's hard to say which of the houses had the best decorations because all were very good. Many of the Alpha Chi O's were heard to remark that they thought that they were angels what with their blue sky and oh so many stars. . . . As the different stories come filtering in, we'll say that we too can back Jack Wentzell's story about his actions. . . . Barb Burns finally went to a dance where she exchanged a few numbers and when she did, Barb really exchanged dances, making up for all those chances that she had missed. . . . Commodore Hale finally got Ginny in but the time was a trifle late. . . . Jack Mitchell finally broke down and sang a number as he was accompanied by his band. We have it though on good grounds that Jack has made a recording of his vocal ability. . . . Flash — that wasn't an escaped Abenaki that has been running around here but only Lynn Whitmeyer with a new style haircut. We suggest putting the bowl back on it, Whit, it might look better. . . . Well, well, well, Rudy Timmer finally broke down after three years and had a date on campus. His heart was in the right place though as he broke precedent and went Alpha Xi-ing with Ellie Gould. . . . Then there is the story about the two Lambda Chi's that rode home with Father O'Connor and upon learning his identity, thought fast and got out of his car at the Theta Chi house. Come on, Rip and Dana, give us the rest of it. . . . Mike Zidorsky is all smiles since Mary O'Donoghue is back. . . . Gregg Williams would like to know if the passing of notes by Midge Flanders about him is a favorite indoor sport or something on the spur of the moment. . . . In the spring a young man's fancy turns, etc., but Dick Bryant's must have really rolled over if his method of parting with Gino is something new. . . . Before class, at that. . . . Don Styles knows what it means to be caught, etc., if his embarrassment at the track meet last week was any criterion. . . . Hey, hey, we'll see you and you and you and you at the Songfest in front of DeMeritt tonight. . . . More than one boy is a bit envious as Marjorie Chalmers continues to import for all these dances.

Alpha Gamma Rho — The senior party is being held today at the University pasture. Leslie Ward, '39, was a visitor last week-end. The seniors have been quite successful so far—two have dairy manager's jobs, and others have already obtained teaching positions. Plans have been made to have a deep-sea fishing trip on Memorial Day. Softball activities have been renewed in back of the house.

Phi Alpha — Joseph Nathanson, '37, visited the house over the week-end. Jack Sheinuk took an extended tour over the week-end. Several of the brothers went to the Yankees-Red Sox game on Sunday. The trip to Wyoming will begin June 22. The fellows will stay out west for a few weeks.

Sigma Beta—Russ Byles attended two Hotel Association meetings over the week-end. One was at the Bardwell Hotel and the other at the Hotel Berwick in Rutland, Vermont. Robert Plaisted of Bates College was a week-end visitor at the house. Ernest Furman, class of '37, a recent graduate of Harvard Law School was a Sunday visitor.

Phi Mu — The annual spring house dance, held Saturday, May 25, at the ballroom of the Rockingham Hotel in Portsmouth, was a huge success. A banquet started the evening off. The rest of the evening was spent in dancing. The chaperones were Mrs. Armstrong, Mr. and Mrs. Batchelder, and Mr. and Mrs. Charles. Several of our alumnae were back for the occasion: Mildred Bacon, Marjorie Carlisle, Ruth Chellis, Regis Lyons, and Peg Wier. The out-of-town guests included: Meg Brown, Catharine Carmichael, Bradley Dearborn, Janis Page, and Jerry Picard, Robert Barron and Fred Whiting, Jr. Leonard, the alligator, is back with us again. He is doing nicely. Copurnicus, the cat, is a frequent visitor.

Alpha Tau Omega — Albert Brown, first initiate of the chapter, was down for visit over the week-end. The house has a new mascot, a dog that Joe Brosius brought from home this last week-end. It will probably be named "Sooner."

University Profs Speak At Conway Science Meeting

The twenty-second annual meeting of the New Hampshire Academy of Science will be held Friday and Saturday, May 31 and June 1, at the Presidential Inn, Conway. Sessions are planned for Friday night and Saturday morning and afternoon.

Among those on the program from the University are Professor L. C. Swain of the forestry department and Mr. Donald Smith of the University Film Service who will appear at the Friday night session. Mr. Smith will show moving pictures which are being used in science education.

The Saturday morning session will be given over to a symposium on New Hampshire Bedrock Geology. Among the speakers at the symposium is Professor T. R. Meyers, who will present a paper on the "Geology of the Dover-Portsmouth Region."

Mr. W. H. Lyford and Mr. W. H. Coates will present papers on pedology at the Saturday afternoon session. The address by the retiring president on "New Hampshire Mineral Resources," will be given by Professor George W. White on Saturday afternoon.

Hey, Frosh!

All members of the freshman class are required to take the examination in English 1, 2, whether they have been excused from the course or are now taking it. The examination schedule is as follows:

Technology and Agriculture:

Now that the lacrosse season is over, we can safely say that New Hampshire is as good as there is in the New England Intercollegiate Lacrosse League. Saturday's victory over the Dartmouth Indians placed the 'Cats in a three-way tie with Harvard and Dartmouth. Upon looking over the season's record we find that New Hampshire scored a total of 67 goals to their opponent's 44. This is an average of better than 11 goals per game, which shows that the boys haven't been loafing much this season. Co-captains Piretti and Coutts are the high-scorers, with Ario holding the edge over "Couttsy" in that department.

As soon as the varsity had finished loosening the scalp of the Indian, the freshies proceeded to tear completely off with an 11-4 victory. After seeing two quick goals scored by their favored opponents, our boys took things over by scoring four within five minutes and from that time on were never in danger. Bob Randall leads the frosh in the number of goals scored for the season with nine to his credit. The whole freshman team has shown plenty of scrap during the season. As well as having a number of fast aggressive attackmen, they have three capable defensemen in Gowen, Middleton, and Mackel.

Congratulations to the two lacrosse teams for enviable records!

The varsity track team made a great showing at the N.E.I.C.A.A. meet over the week-end. Matt Flaherty broke the standing field record while placing second to Bennett of Maine. Steve Lampson and Jack Kirk presented the best performances of their respective careers. Steve soared to 12' 9" but a finger trailed on the way down and knocked off the bar so Steve had to content himself with his next best jump of 12' 6". Jack bettered the two mile record even though he finished in third position in the event. Larry Stewart was the only first place winner for the Blue and White. He came through in the broad jump with a leap of 22' 11 1/2".

Much praise is also due to the freshman relay team of Haas, Hamlin and Lowry, who finished

Varsity and Frosh Wildcats Defeat Dartmouth Stickmen

Yearling Lacrosse Men Win Game 11-4

Lanyon High Scorer for Frosh as Season Ends in Win Over Green Cubs

Bouncing back from their unexpected defeat at the hands of Governor Dummer, the yearling lacrosse squad followed the example set by the varsity, and set down the Dartmouth frosh 11-4, on Saturday afternoon.

The Kittens got off to a shaky start and saw the Dartmouth team pull away to a two to nothing lead at the five minute mark, but "Evie" Lanyon cut down the lead when he drilled a shot into the upper corner of the Dartmouth cage, but the Green team came right back with a third score which again gave them a two goal lead. At this point the Kitten attack got started and three New Hampshire scores were thrown by the Dartmouth netminder; the fifth Kitten goal was made by MacDonald just before the end of the first period, putting the DuRie-coached team in a 5-3 lead at the end of the first period.

Picking up where they left off, the second period saw Lanyon, Wright, and Randall score three goals while the Green cubs were held to one score.

The third period was a repetition of the first two with the Kittens scoring three goals while holding the Cubs scoreless.

Coach DuRie took out his first stringers at the beginning of the last period. With the score 11 to 4 in favor of the Kittens, the substitutes were given orders to freeze the ball which they did throughout the period.

This, the final game for the frosh, saw them close their season with four wins and two losses.

In the locker room, after the victory, Coach DuRie was presented with a gift from the squad members for his work in leading the team to a successful season. In reply the coach stated that never before had he associated with a squad which gave as much consideration and cooperation to a coach.

second to the Holy Cross team who set a new record. The Kitten team also came in under the old mark. Lowry out-did any of his previous performances when he turned his half mile time of 1' min. 57.6 secs.

Wildcats Take on Lowell Tech Today

With old Jupe Pluvius at bat, baseball activities over the week-end were at a standstill. A rain that started Friday and continued intermittently until Sunday afternoon washed out all hopes of playing the Rams of Rhode Island. The game was scheduled for two-thirty Saturday and at game time, the field was a quagmire, so Coach Henry Swasey reluctantly cancelled the fray. Chances of replaying the game seem pretty slim as Rhode Island was returning from a Maine invasion and New Hampshire has completed its southern invasion in which they beat the Rams 5-3.

Buck Jordan was Swasey's hill choice for the encounter and he was raring to go after them again. He limited them to three hits on May 4th and his chances of repeating were good as he certainly had those Rams on the run.

Weather permitting, the Wildcats tackle Lowell Textile this afternoon. Fred Draper or Lefty Tighe will be the probable mound nominees for the day. Textile has not been too successful with their baseball destinies this spring as they absorbed a double defeat at the hands of the Connecticut Nutmeggers Saturday but nevertheless they may spring a surprise and give the locals a good battle.

Saturday the 'Cats run up against a team known as the Harvard Grads. It is the general consensus of opinion that these boys used to be good ball players and they have expired as far as diamond greatness is concerned. This is not true, however, as they have beaten the Crimson nine twice both by large scores. They have on their roster such men as Tom Bilodeau, Artie Johns, and Charlie Devens. Bilodeau and Johns have been prominent in New England semi-pro circles and Devens was up with the Yankees only to retire in favor of a business career after a one year stay in the majors.

Senior Class Party

The Class of 1940 will hold its annual class party on Memorial Day, Thursday, May 30, at Spruce Pond Camp, Allenstown. The Camp offers facilities for swimming and sports. There will be dancing from eight to eleven, inasmuch as twelve-thirty permission has been granted for all girls.

Busses will leave from in front of T Hall promptly at twelve-thirty.

Brad Moore, Chairman,
Class Party.

N. H., Harvard, Indians Tied for First Place

N. H. Places Sixth in N. E. I. C. A. A. A.

The Wildcats did not have the combination for getting up into the money positions in the New England Intercollegiate Track Meet, but several of Paul Sweet's men came through with stellar individual performances to give New Hampshire thirteen points and sixth position among twelve schools.

Only one New Hampshire man came out with a championship mantle, and that was Larry Stewart with a first in the broad jump. Stewart's leap of 22 feet, 11 1/2 inches was almost two inches ahead of his nearest competitor and he won "going away." Stewart's win was not exactly a surprise, for he has been flirting around that distance all season, and was expected to finish either one or two.

Second place winners for the Blue and White were Matt Flaherty, Steve Lampson and the freshman relay team, the latter being a non-scoring event. "Big Matt's" heave of 175 feet, 7 1/2 inches, was well back from Maine's Bennett's record breaking toss, but Matt received some consolation by defeating his old rival, McLaughry of Brown, who failed to place. Matt's "heave" also broke the standing field record which was established by this same McLaughry last year. Steve Lampson's second was a "heartbreaker" because a finger-tip was all that kept him from a tie for first. Steve cleared 12 feet, nine inches—the winner's height—but he just ticked the bar enough on the way down to cause it to waver and fall.

The other two point-getters for the Wildcats were Jack Kirk with a third in the two mile run, and Phil Newman who likewise took a third in the javelin throw. This marked Kirk's first defeat of the year. Jack had a 15 yard lead in the final stretch but was overcome by Holy Cross' Maloney and Bowdoin's Babcock, but finished under the old two mile record, after running the best race of his career.

Professional Grid Coach Speaks to U.N.H. Students

Steve Owen, who for the past ten years has coached the New York Giants professional football team, met with members of the undergraduates here yesterday afternoon.

Owen brought to the Field House with him a collection of National League football moving pictures, and he spoke informally about the professional game, and the players in it.

A graduate of Phillips University of Enid, Oklahoma, Owen is a typical example of the unheard of college player who becomes a professional star. Unnoticed by All-American selectors because his university's enrollment was something under 700, he became one of the National League's outstanding tackles and was named to a number of all-star squads.

Randall, Piretti, Coutts, Costanzo Play Last Game as N.H. Defeats Indians

Playing their last game of the current season, the varsity lacrosse stickmen conquered the Dartmouth Indians 5-4 last Saturday; and in doing so jumped into a three-way tie for the New England League championship. The Wildcats have never finished in the topmost position since their entrance into the league, but they likewise have never finished lower than the third position.

Showing the fighting spirit that has been in evidence all through the season, the New Hampshire team opened strongly, co-captain Coutts scoring the first goal after two minutes of fast play had gone by. Not to be denied, the Big Green came back with a fierce attack that saw them tie up the game at one all. The 'Cats, passing the ball with accuracy that left little to be asked for despite the rain-tightened sticks, worked the ball back into Dartmouth territory and once more it was "Couttsie" that threw a low skidding shot into the Hanover boys' net, setting New Hampshire back in the lead once more.

Dartmouth's classy out-home, Joe Wilder, entered the game at this point, and after displaying some of the stuff that has made him such a standout for the past year, tied up the gall game with a bullet shot by Patsie Improta. Riding along on the crest of Wilder's playing the Big Green scored their third goal of the game, thus holding a 3-2 lead at the end of the first period.

The second period saw both teams playing on even terms for the first five or so minutes, then "Pep" Martin, on a solo rush down the field, scored the third and tying New Hampshire goal. Shortly afterward, Piretti made a goal shot while the Dartmouth goalie was somewhere else—out of the net. This marker put the 'Cats back in the lead once more; this time not to be headed.

With the opening of the second half, the Dougalmen cut down on their shots, being more content to keep possession of the ball and protect their lead. These tactics were successful, for although the 'Cats didn't score during the third period, neither did the Green team.

The fourth period saw the Dartmouth team at its best, but it was not until after Coutts had thrown in the fifth New Hampshire goal that the Hanover team was able to score again. From this point on the ball was kept in the possession of the Blue and White, and at the end of the game, New Hampshire was on the big end of a 5-4 game, and in a three-way tie for first place in the league.

Seniors Last Game

Four senior co-captains, Piretti, Coutts, Carl Randall, and Alfie Costanzo, played their last game for New Hampshire. Coutts, by vintage of his scoring, was the outstanding player on the field Saturday, but he was closely followed by Piretti and Randall who were responsible for many of the scores due to their fine passing.

Patsy Improta, in the nets, played one of his best games of the season for the Blue and White.

New Agricultural Scholarships Given

Twelve agricultural scholarships of \$100 each and one of \$150, have been made available to the University of New Hampshire through the Sears, Roebuck Foundation, according to announcement made by Dean M. Gale Eastman of the College of Agriculture.

The scholarships will be presented annually to sophomore students enrolled in the four-year agricultural course on the basis of "need, achievement, and intention to continue in agricultural work after leaving college."

The Sears, Roebuck Foundation was inaugurated four years ago in a number of states in the mid-west and south. The New Hampshire fund is the first among eastern states.

CLASS OF 1925 REUNION

Immediately following the ball game on Brackett Field on Saturday, June 15, the 1925 class will meet at the Panaway Club which is located in Portsmouth on salt water. The best method of approach from Durham is over the new bridge.

The class will have the exclusive use of the Club House and grounds during the afternoon and evening so that those who do not care to attend the ball game may spend the afternoon at the club, if they so desire.

Dinner will be at 6:00 P.M. and the only cost will be \$1.50 for lobster or \$1.00 for roast beef. Music for dancing will be provided.

BOSTON WOMAN

(Continued from page 1)

Although active and prosperous in her adopted town, she never forgot her former Newton friends, and each year the Congregational church received donations. Whenever possible, Mrs. Godding returned to her native town to visit with old friends or to attend church gatherings.

Mrs. Godding was active in the National Pharmaceutical Association, and in memory of her husband furnished a room in the society's building in Washington. She also took much interest in the Federation of Women's Clubs and the New Hampshire Daughters of the American Revolution.

The Godding estate, according to S. R. Wrightington, attorney and executor, includes the drug firm, the family home in Newton, three houses in Dorchester, Mass., and a number of listed bonds and cash. Holdings are estimated at about \$40,000 personal and \$23,000 real.

Univ. of Maine Trustee Will be Alumni Speaker

Mr. Edward E. Chase, President of the Board of Trustees at the University of Maine, will be the principal speaker at the Alumni Spread.

Mr. Chase, who is president of the Chase Securities Company, has been president of the Board of Trustees at Maine for a number of years.

It is interesting to note that President Engelhardt is to be the Commencement speaker at Orono and that Mr. Chase will be our principal Alumni Day speaker in Durham.

Alumni Fund Leads Way for Outside Gifts

Two other items on these pages indicate the interest that those outside the University family are beginning to evidence in the future of New Hampshire.

At the last Board of Trustees meeting an announcement of the gift of a tract of land in Barrington to the institution was made. This land was the gift of Roy V. Swain of the Class of 1906, and is to be used for student recreation purposes.

It is interesting to note how the Alumni Fund may be instrumental in promoting gifts from wealthy individuals. Recently an affluent person living outside the state was approached regarding the needs of New Hampshire and his first comment was, "When the men and women who have attended New Hampshire indicate an increasing interest by some contribution to the Alumni Fund, I am sure that you will have no difficulty in getting the support of wealthy people because the splendid institution which you have is worthy of the aid of everyone who is interested in education."

This statement further shows the need for the participation of more alumni in building up the Alumni Fund if we are to capture the interest of outsiders who have funds available for educational institutions. The Alumni Fund Committee is still committed to its policy of regular gifts from an increasing number of alumni each year rather than periodic drives for an extremely large sum. The Committee feels that over a period of years the regular contribution will cement the interest of the contributor to the University rather than the other method.

Bergethon Arranges Musical Program

Bjornar Bergethon, Director of Musical Organizations, has arranged a program of unusual interest for the musical portion of the Alumni Spread. He has a program for the regular Sunday evening concert by the Band which will attract the usual large attendance.

NOT BOMBED

JUST THE FACE-LIFTING OF THE OLD GYM.
HELPED BY ALUMNI FUND.
